

Rethink 18th Avenue South (24th St to 26th St)

PROPOSED DRAFT DESIGN CONCEPTS

- Key features include:
- One-way celebration street with colored pavement
 - Narrow street from 32 feet to 20 feet
 - One-sided parking
 - More shared space for pedestrians
 - Increase landscaping and amenities
 - Curb extensions to slow traffic
 - Raised crosswalk to slow traffic
 - Improved pedestrian-level lighting

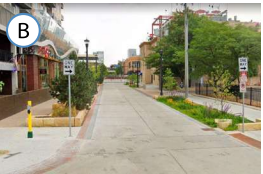

- Key features include:
- One-way southbound (same as today)
 - Narrow street from 32 feet to 20 feet
 - One-sided parking
 - Wider sidewalks and green space
 - Curb extensions to slow traffic
 - Raised crosswalk to slow traffic
 - Improved pedestrian-level lighting
 - Provides opportunity to install gateway art feature
